Students in this innovative program will be mentored by both faculty members and accomplished teachers in the field. Space is limited and admission is competitive, so students should apply early. Students with questions regarding their eligibility for admission should contact an Admission Advisor in Student & Enrolment Services.

A. GENERAL ACADEMIC REQUIREMENTS

Candidates for Concordia University of Edmonton's Bachelor of Education (After Degree) program:

Candidates who do not maintain a satisfactory standing in each practicum may be asked to withdraw from the program or may be allowed to continue on a probationary basis and provided one additional opportunity to successfully complete the practicum.
6. Are expected to be in full-time attendance during their student teaching terms. Students who attend other semesters on a part-time basis, or who do not maintain continuous registration, need to seek individual advice to assist in course selection. All students are subject to Concordia University of Edmonton's *Statute of Limitations*, section 9.1.1.
7. Will be eligible for recommendation for certification by the Dean of the program upon completion of all degree requirements. Certification is subject to the following restrictions:
 - a) Persons who have been convicted of an indictable offence under the Criminal Code will be ineligible.

2. The student must complete a field experience survey that is available from the Field Experience Coordinator. Student preferences with respect to field placements will be considered.
3. Students who have identified special circumstances/needs must consult with the Field Experience Coordinator prior to placement in a field experience. Access to transportation is not a primary consideration in making placements in the Greater Edmonton area.
4. Student teachers are normally granted a maximum of two opportunities to successfully complete a Field Experience. If a student is not successful in his/her second attempt of a Field Experience, whether it is deemed a withdrawal or failure, he/she is required to withdraw from the Faculty of Education.
5. Information and regulations pertaining to the field experience are contained in the *Field Experience Handbook*.
6. Students in schools during the field experience are expected to conduct themselves according to the Alberta Teachers' Association Code of Professional Conduct (www.teachers.ab.ca) and the Concordia University of Edmonton guidelines on Educational Decorum (section 9.2.8).
7. Field experience courses are not normally offered during Spring/Summer sessions.
8. Prior to being considered for a Field Experience placement, students are required to obtain one or more types of Record

Checks. A Criminal Record Check is the most common type of background check required by school districts in Alberta. It is obtained through the Edmonton Police Service (EPS) for residents of Edmonton or through the Royal Canadian Mounted Police (RCMP) for those residing outside of Edmonton. Several districts require a Vulnerable Sector Check, which is a part of the EPS or RCMP Information Check. Additionally, a few districts still require an Alberta Intervention Record Check that is completed through Children's Services. General information about record checks will be addressed in a fall semester Field Experience seminar.

The record check is to be kept by the student and presented to school jurisdictions upon request. Each case is reviewed on an individual basis to determine if the record check brings into question the suitability of the person to enter a field experience placement in that district. A decision to accept or not accept a student for placement is made based on the results of the record check and each school district's threshold.

Students should be aware that a current Criminal Record Check is one of the required support documents in the application for an Alberta Interim Professional Certificate to teach in Alberta.

It is the student's sole responsibility to ensure that she/he can satisfy the requirements for a record check. The requirements for a record check are not in Concordia University of Edmonton's control, but rather depend on the requirements of school districts, the teaching profession, as well as other factors. If a student cannot satisfy the requirements, it may affect that student's ability to participate in a field placement, to complete the degree, or to obtain employment.

Students with concerns about their ability to clear the records check, should contact the Field Experience Coordinator.

E. BRIDGES BURSARY PROGRAM

Concordia University of Edmonton's Bachelor of Education *Bridges Bursary Program* is an optional professional development opportunity that is available to new graduates in May and June. Concordia University of Edmonton offers a bursary to graduates of the Bachelor of Education (After Degree) program to fund volunteer time in the classroom following completion of their studies. The *Bridges Bursary Program* is an opportunity to refine knowledge, skills, and attributes as a volunteer in a supervising teacher's classroom.

The *Bridges Bursary Program* program is a voluntary post-graduation experience and therefore is not an additional practicum nor included as part of the formal field experiences required by Alberta Education.

Assignment time frames are typically four weeks (full time) during the month of May, or eight weeks (half-time) during the months of May and June. Full-time assignments in the month of June are not encouraged.
